

FISCAL NOTE

TO: Chief Clerk of the Senate
Chief Clerk of the House

FROM: James A. Davenport, Executive Director

DATE: March 9, 1995

SUBJECT: **SB 1094**

This bill, if enacted, will allow judges to sentence first-time DUI offenders to 32 hours of public service work in a supervised public service program instead of or in addition to the minimum period of confinement.

The fiscal impact from enactment of this bill is estimated to be a decrease in expenditures to local governments and will depend upon the number of persons sentenced to such public service *instead* of being incarcerated. The decrease in local government expenditures from less incarceration costs cannot be determined but is estimated to exceed \$100,000 if judges in several jurisdictions sentence offenders to such public service as opposed to a minimum period of incarceration.

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.

James A. Davenport, Executive Director
